Mountain East Province Newsletter

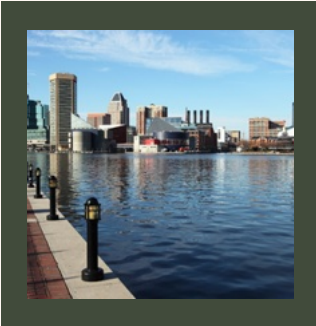

The 26th Mountain East Province Assembly in Baltimore was such a fun and meaningful experience, and I'm really proud of how everything came together! It was so great getting to welcome over 90 brothers, catch up with familiar faces, and meet so many new ones. From all the great conversations to our fundraiser for Reach Out and Read, the weekend really captured what makes Kappa Psi so special. Huge thank you to everyone who came and made it such a memorable time. I hope you all enjoyed your time in Baltimore and I can't wait to see everyone again in the Fall!

First Timer Spotlights

Delta Xi

"We weren't quite sure what to expect going into the MEP meeting, but it turned out to be a really good experience. We thought it was cool, and we learned a lot from our MEP bros that we will definitely bring back to our chapter. Moving forward, Brother Abraham is planning on becoming the Regent of Delta Xi, so this Spring MEP assembly was super helpful in giving him insight into what that role could look like. There's a lot of new experiences and things to work on, and they are excited to get started!"

-Brothers Abraham Agy and Obi Nnadike

"Experiencing Brotherhood at the regional level was truly inspiring. Being surrounded by such motivated and compassionate KY Brothers deepened our appreciation for the fraternity and the pharmacy profession. Hearing from Chai and other chapter leaders gave us a new perspective and encouraged us to take a more active role in collegiate initiatives. The connections we built through MEP were invaluable, strengthening our commitment to making a meaningful impact. This experience has motivated us to attend future MEPs and continue growing within the Brotherhood."

"Reaching my 10th MEP feels surreal. When I look back at my first one, I was just trying to figure things out. Now, I come to these assemblies not just for the professional development, but for the connections, the laughs, and the sense of community that's grown with me. It's more than just a meeting, it's where I've built some of my strongest friendships and found mentors who've shaped my journey."
