SATRAP

MEP.SATRAP@GMAIL.COM

Hello Brothers,

With autumn fast approaching and our summer nearly behind us, I invite each of you to reflect on what you've done and where your Kappa Psi journey has taken you since the last time you came to a Province Assembly. As I write this, the act of looking back restoked that Kappa Psi "fire" I know we all carry, and I hope that it does the same for you! The remainder of this year is an opportunity to be involved in your chapters, perhaps to join a Graduate Chapter, or even to hold a joint event with your Brothers across Mountain East!

As Satrap, I've always dreamed of a collaborative, interconnected Province – where Brothers share their commonality more than twice or thrice a year. So many of our Collegiates understandably see the Fraternity through the lens of their school and chapter without having the broader perspective of how other chapters live. Our officers want to bring Mountain East closer together, and they've partnered with our chapters to innovate with a shared events calendar, and a revamped email listserv that reaches every Brother on our chapter's rosters. I hope that we can each do our part to build a stronger community in our Province. Over 50 of our Brothers gathered in D.C. for our 59th Grand Council Convention (GCC); please talk to them and you'll hear firsthand of the fellowship and camaraderie whenever Brothers connect.

Since we last met this spring in Pittsburgh, I've been honored to attend the initiation at Delta Xi, a pledge event and Big-Little reveals at Delta Kappa, and of course Sigma's long-standing Spelling Bee and Wing-A-Thon events. Most recently, we held an "O's and Bros" event at a Baltimore Orioles game. I'm so proud to say that we had Brothers from eight chapters in attendance!! Bringing together Sigma, Delta Kappa, Delta Xi, Epsilon Nu, D.C. Grad, Maryland Grad, Maryland Eastern Shore Grad, and our newest chapter Northern Virginia Grad was a strong start towards holding more chapter events jointly. Perhaps a Mountain East Ravens-Steelers rivalry game is in the cards – let me know if you're interested!

On a personal note, I'm pleased to say I completed my Pharm.D. at Maryland and am newly licensed! That moment paralleled this spring, when I was asked to serve as a Grand Council Deputy (GCD) for Sigma chapter. Sigma sparked my love for Kappa Psi, and it's meant the world to be entrusted with guiding the chapter as needed. I am immensely proud of all that they have done to make our Province Assembly a reality, and I hope you can join us as their plans come to fruition. The Province Assembly is in Baltimore on October 11th and 12th. I can't wait to see you all soon!

Proud to be your Brother,

Parker Downing
Mountain East Province Satrap

P.S. This newsletter update from our officers is only possible through the hard work of the Newsletter Committee and chair Brother Kim Dao of Beta Kappa – thank you!

VICE SATRAP

MEP.VICESATRAP@GMAIL.COM

Greetings Brothers!

I am excited to announce that registration for Fall Province is officially open for our assembly October 11th-12th! The Brothers of Sigma are hard at work preparing a wonderful weekend of bonding in Baltimore, including an Edgar Allen Poe-themed banquet and graveyard tours - the perfect way to celebrate the Halloween season. Check out their website for more details and to register.

Other than working on Province Planning for Fall Province in Baltimore and Spring Province in Morgantown, I have updated our Province Planning Guide and Officer Responsibility Guide, as well as helped to establish a new scholarship for GCC attendees. I have had a productive summer working with the executive board, and even attended a wedding for a Kappa Psi Brother in Minnesota! Other exciting news for the summer is that I finally picked out my wedding dress for my marriage to my Kappa Psi Big next fall. An upcoming project now that we are getting back into the school year will be organizing MEP week, so be on the lookout for updates!

It has been an absolute pleasure serving as your Vice Satrap this past year. Words cannot express how grateful I am to have this opportunity and to give back to the organization that has given me so much. I have met so many wonderful Brothers and I can't wait to see you all in Baltimore!

Fraternally,
Megan N Dunlop

SECRETARY

MEP.SECRETARY@GMAIL.COM

Hello, Mountain East Province!

Since my election as Province Secretary this past fall, I have had the incredible opportunity to work with my fellow Mountain East Province executive board to help further the mission of Kappa Psi on a regional level. Throughout my term, I have made efforts to improve the lines of communication within the Province, specifically with the update of our Province Listserv. The Listserv has and will continue to serve as a means of communicating updates and events to help keep our Brothers more informed about the goings-on of the Province, as well as promotion of international initiatives of the Fraternity as a whole. Being sure to update the Listserv with new Brothers every year is imperative to the growth of the Fraternity and to foster participation and interest in our events. They say you need at least three modes of communication before a notice or change becomes memorable to you, and we as a Province executive board are aiming to get your attention through different modes of communication and multiple reminders!

After the update of our Listserv, I have focused my efforts on utilizing our improved mode of communication to help increase inter-chapter involvement. We hope to soon roll out a calendar of chapter events to better promote inter-chapter participation; if your chapter is made aware of events ahead of time, it could be a great opportunity to organize a trip to meet other Brothers in addition to a province meeting!

Additionally, as part of our responsibility on Province e-board, we have continued the chapter liaison program. I am incredibly fortunate to have been paired with Epsilon Omicron of D'Youville University, especially as my good friend and Brother Tracy Nasr served as Regent for the majority of my time as Secretary! It has been a wonderful experience working with their chapter, and I was even able to attend their New Brother Initiation this past spring. Their chapter is unparalleled in enthusiasm for fun and fellowship and was always more than willing to make a trip down to Pittsburgh to visit my chapter, Beta Kappa. It is such a fascinating experience to observe how other chapters implement the traditions of Kappa Psi in their own unique way, while still holding true to the key foundation and meaning behind them.

Unfortunately, I was unable to attend GCC this past summer in Washington, D.C., but I was ecstatic to see my chapter, Beta Kappa, place in the top 10 chapters this year at number 8! There was incredible effort and commitment behind that achievement, and I wish to inspire each chapter to review your Chapter Progress Report and see where there are areas for improvement. Who knows where a small change can make a huge impact!

As I am in my last year of pharmacy school, the stresses of rotations, Midyear, and interview season are soon to creep up on me, but I will always be grateful that I ran for this position. Because of it, I have made lasting friendships and have had incredible experiences that I would not have had otherwise. I am hoping to pursue a healthy-system pharmacy administration residency, and I know my experience on Province executive board will certainly help me in that pursuit.

All in all, I have been blessed with this opportunity to serve you as Province Secretary and am excited to continue to be a part of the Mountain East Province community. Thrilled to see you all in October in Baltimore!

Respectfully Submitted,
Nicole Farah

TREASURER

MEP.TREASURER@GMAIL.COM

Hey Mountain East!

Things have been going well since we last met in March. I happily graduated from West Virginia University School of Pharmacy and have since moved to Asheville, North Carolina where I am an acute care PGY-1 resident at Mission Hospital! It is a pretty awesome city, and I am very lucky to be here.

This summer, I have been keeping the Mountain East Province treasury in order and helping other officers with individual projects and events. I am happy to say that MEP now has our own set of regalia thanks to the fundraising efforts of Alex Castracane. Another task was to make sure every chapter of MEP was up-to-date on their tax filings. It is always important to stay current with this process so chapters do not lose their tax-exempt status as a non-profit organization. I also have been in touch with the GCD of Beta Eta about starting to identify brothers who would be interested in initiating the processes of reinstating the WV Grad Chapter. It is a tough task, but something I hope can be accomplished in the upcoming year. Lastly, I am currently brainstorming ideas for one last fundraiser for the province, so please if any brother has ideas of items/events that you would like seen done, please do not hesitate to reach out!

I have really enjoyed acting as Treasurer this term. I have been lucky enough to visit Zeta Kappa in Huntington, WV as their chapter liaison and that was a lot of fun! Also, I attended a Northeast Province meeting in Brooklyn, and it was a great experience seeing another province assembly and the events they held. Time has surely flown by since being elected, and I am sad my time as Treasurer is coming to a close, but it has been a true honor to represent this amazing Province. I believe I have grown as a brother and a pharmacy professional thanks to this position. Thank you to everyone for your constant support!

As always, I am proud to be your brother!

Matt Whiteman

CHAPLAIN

MEP.CHAPLAIN@GMAIL.COM

Hello Mountain East,

Being elected as MEP chaplain was a great honor. My 3 goals as MEP Chaplain were to raise money to buy province their own set of regalia, increase graduate involvement and communication, and work directly with the Philanthropy Chair to help plan the philanthropy event at the province assemblies. We had a fleece fundraiser and raised the money to buy the Province their own set of regalia which I just received in the mail. This upcoming province assembly will be the first assembly we will not have to borrow regalia from another chapter since we now have our own set. I am currently working on my second goal of increasing graduate chapter involvement and communication by emailing all the graduate chapters' Chaplains and asking them for any advice they may have for me. In addition, I worked with Stefan (the current Philanthropy Chair) last province assembly to plan the philanthropy event. With the Province Planning about to begin, I will continue to do this as well.

This May, I graduated from West Virginia University School of Pharmacy and moved to St. Louis to live with my high school sweetheart and finally not be in a long-distance relationship. I accepted a Pharmacy Manager position with Kroger Pharmacy who I interned with throughout pharmacy school and absolutely love my job. Lucky for me, Kappa Psi has a graduate chapter in my new city and I plan to join. Unfortunately, with my big move and new job, I was a bit too busy to attend GCC, but I am looking forward to getting more involved in the grad chapter here and attending more provinces this fall.

Respectfully Submitted,
Alex Castracane

HISTORIAN

MEP.HISTORIAN@GMAIL.COM

Hello Brothers,

As your MEP Historian, the projects I was involved in this past year include the MEP Instagram Takeover, Historian Check-In, Fall Province Social Media Campaign, and the MEP Chapters Rush Events Highlights.

After I was elected, I knew this would be a rewarding experience, but it has been even better than what I could have imagined. I enjoy working with such a dynamic team, learning more about the organization, coming up with new ideas to propel MEP forward, and being challenged with new tasks. I now feel a closer connection to Kappa Psi and Brothers across the Province.

I am excited for Fall Assembly because I get to see my fellow executive board members in person again, and Brothers from all the other chapters. I can't wait to capture all the exciting moments that happen throughout the assembly, and the chapter photos. The chapter photos may seem like a simple picture, but they really capture chapter history and the essence of that particular assembly. I love how each assembly host brings a unique feel to the chapter photos.

Respectfully Submitted,
Ashley Dike

PARLIAMENTARIAN

MEP.PARLIAMENTARIAN@GMAIL.COM

Hello Brothers,

My name is Josh Cox, and I am your current Parliamentarian. So far, I have been working on a couple of projects to pass around to each chapter. One of the projects is a very informal how to guide for reviewing chapter by-laws. I believe it will help any new members who are not very familiar with the process get the hang of it. The other project I have been working on is compiling a “cheat sheet” for Robert’s Rules of Order which will also serve to help anyone needing to brush up on some of the lingo or if you struggle to remember some of the Orders. Since being elected to my position, I have given a webinar and served as the chair for the legislative committee.

My position has definitely helped me grow personally and professionally. It has helped me grasp a better understanding of how a business meeting should be run. As for Province this fall, I’m very excited to visit Baltimore and spend time with all of my wonderful brothers.

PTBYB,
Josh Cox

WEBMASTER

MEP.WEBMASTER1@GMAIL.COM

Hello Mountain East,

As your MEP Webmaster, the projects that I am involved in include keeping information up to date on our MEP website, attempting to make a collaboration forum for chapter Regents to share ideas and have general discussions with each other, and developing the Province Assembly meeting page.

I have really enjoyed my role as Province Webmaster, and I am very thankful to have had the opportunity to serve for two terms!

Over the summer, I had a wonderful week in Washington D.C. for GCC. There is nothing better than spending a week with Brothers from across the country! I am also looking forward to attending a Charleston RiverDogs baseball game and cookout with Iota and Charleston Grad chapters!

This fall, I will be attending my very first Southeast Province Assembly in Savannah, GA, and I am very excited. I am also thankful to be able to attend my 8th Mountain East Province Assembly in Baltimore, MD.

After graduating in May, I moved to Charleston, SC, and I'm currently working on getting licensed here. I can't wait to see all y'all in Maryland!

Respectfully Submitted,
Matt Calamia

IMMEDIATE PAST SATRAP

MEP.PASTSATRAP@GMAIL.COM

Hello Brothers of Mountain East Province!

After the whirlwind of being Satrap, it's great to take on a more relaxed role and be able to focus solely on just one project. My main project that I'm working on is coordinating and directing the pilot MEP Leadership Development Series program. It's an interactive leadership development program for Brothers where we get together to discuss pertinent leadership topics each month and learn from each other. Shout out to all of the amazing program participants – you rock!

I was fortunate enough to be able to attend GCC this summer in DC! It was one of the most tiring weeks/conferences of my life but getting to hang out with Brothers that I haven't seen in far too long made it all worth it. Thank you to Beta Kappa for nominating me for the 2019 GCD Awards! Being your GCD over the last year has been such a privilege, and the reason that I won the Grand Council Deputy Outstanding Achievement Award is all because of you! You motivate me every single day to be a better version of myself. I love you, Beta Kappa!

I'm really excited for the upcoming province meeting in Baltimore! Sigma did an amazing job last time they hosted, and I can't wait to see what they have up their sleeves for us this time around.

Respectfully Submitted,
Karen Hoang

SUPERVISOR

TOLARSON10@GMAIL.COM

Hello members of the Mountain East Province,

My name is Todd Larson, and I will be your Supervisor for the next two years. I am excited to be working with everyone and can't wait to see what the Mountain bEast is all about! I can't wait to meet everyone in Baltimore in a few short weeks.

A little information about myself. I was born and raised in Los Angeles, CA. I am a 2012 initiate of Iota chapter at the Medical University of South Carolina in Charleston, SC. Upon graduation I did my PGY-1 resident at Montefiore Medical Center in Bronx, NY and did my PGY-2 in solid organ transplant at the University of Utah. Currently, I am clinical pharmacy specialist in solid organ transplant at Henry Ford Hospital in Detroit, MI. Previously, I have held the positions of Vice Satrap and Chaplain in South East Province, held several international committee positions, and I am currently the Vice Regent of Central Michigan Grad.

PTBYB,
Todd Larson
Mountain East Province Supervisor

ASSISTANT SUPERVISOR

BECCA.CHEMIE@GMAIL.COM

Hello,

My name is Becca Mousseau, and I am looking forward to serving as Assistant Supervisor for Mountain East Province for the 2019-2021 term! I know I have enormous shoes to fill since Jenny Donaldson was your last Assistant Supervisor, but I will try my best and am truly excited!

I am a Chi initiate (Chicago) and served as Recording Secretary and Corresponding Secretary for the chapter as a collegiate. I served a total of 4 years on the Mid-America Province Executive Committee, including Secretary and Satrap. I love Kappa Psi's emphasis on Philanthropy and Fellowship and am especially looking forward to MEP's graduate-collegiate mentorship luncheon! What a great idea!

It's hard to pick one favorite moment from Kappa Psi, since it has become such an integral part of my life. GCCs and province assemblies, including MAP and other provinces, are jam-packed with incredible memories. Something that emphasized to me how important my Kappa Psi Brothers are to me is the way in my Brothers supported me when I needed to go through breast cancer treatment, and the way they've continued to cheer me on now that I am a survivor. It's a pleasure to serve the Fraternity that has brought these incredible Brothers into my life! I am looking forward to meeting you all in Baltimore at my very first MEP Assembly!

Respectfully Submitted,
Becca Mousseau
Mountain East Province Assistant Supervisor
