April 1<sup>st</sup>, 2022

Dear Brother,

I hope you are excited to join us in College Park, MD for our Spring Assembly! Your executive committee and the Brothers of Delta Kappa have been hard at work to develop a weekend to strength our Brotherhood.

The pandemic has taken an impact on our standard operations. With this Province Assembly being the first time we have all been together in-person since March of 2020, we as an executive committee have taken a step back to make sure all Brothers in our Province are up to speed. For more experienced Brothers, this Assembly will be more informational than previous Assemblies and will focus on reconnecting after two years apart.

In this packet, you will find a lot of information to review prior to the meeting. Please take the time to read through our agenda, election primers, and a masking policy. It will be a more productive experience if you come prepared to participate in important discussions about our Province, share your ideas and best practices, and make new connections. You have a voice in your Province, especially as we discuss any legislative proposals and submit resolutions for consideration by the Brotherhood.

You will find that the workshops this year focus on three fundamentals of our Fraternity: Risk Management, Robert's Rules of Order, and Rituals. With the knowledge gained from these workshops our Brother will be able to effectively transition back to in-person meetings and events with ease. We want you to actively engage with the material learned so come prepared with questions.

This assembly, we will be electing our Province's GCC Delegate and Alternate Delegate. If you are interested in running for these positions, please make sure to review the election primer so that you understand the role and responsibilities of the positions.

Please reach out to any of the executive board if you have any questions. We look forward to seeing you soon!

Fraternally,

Vincent R. Knecht
